

RYANAIR CABIN CREW APPROVE THE AGREEMENT OF THE UNIONS AND THE COMPANY

Madrid, January 24, 2019

After twelve intense and productive assemblies in all our bases, the unions SITCPLA and USO are glad to inform that the cabin crew in Spain have approved our first agreement with Ryanair with a percentage higher than 99. The overwhelming participation gives this agreement a big yes from every base and every Cabin Crew.

This result is going to be communicated today to both our National Authority (DGT) and Ryanair Board.

This is only the start of the hard job and the natural improvements that we will experience from now on. Our main task now will be the negotiation of our first collective labour agreement (CLA) to settle down all that a normalized company needs.

We would like to take this opportunity to thank you all for your support and understanding from the beginning, for your assistance to the assemblies and for your votes, for your questions and for all encouragement you gave when things were so hard. It makes us feel even more responsible and confident on the duty ahead.
